

Your wrists, floating in luxurious comfort. That's what **Chair Forces** brings to the table.

Your wrists are crying out for zero-friction support that moves when they move.

by Dan "Crime Fog" Rust and Bruce Olson

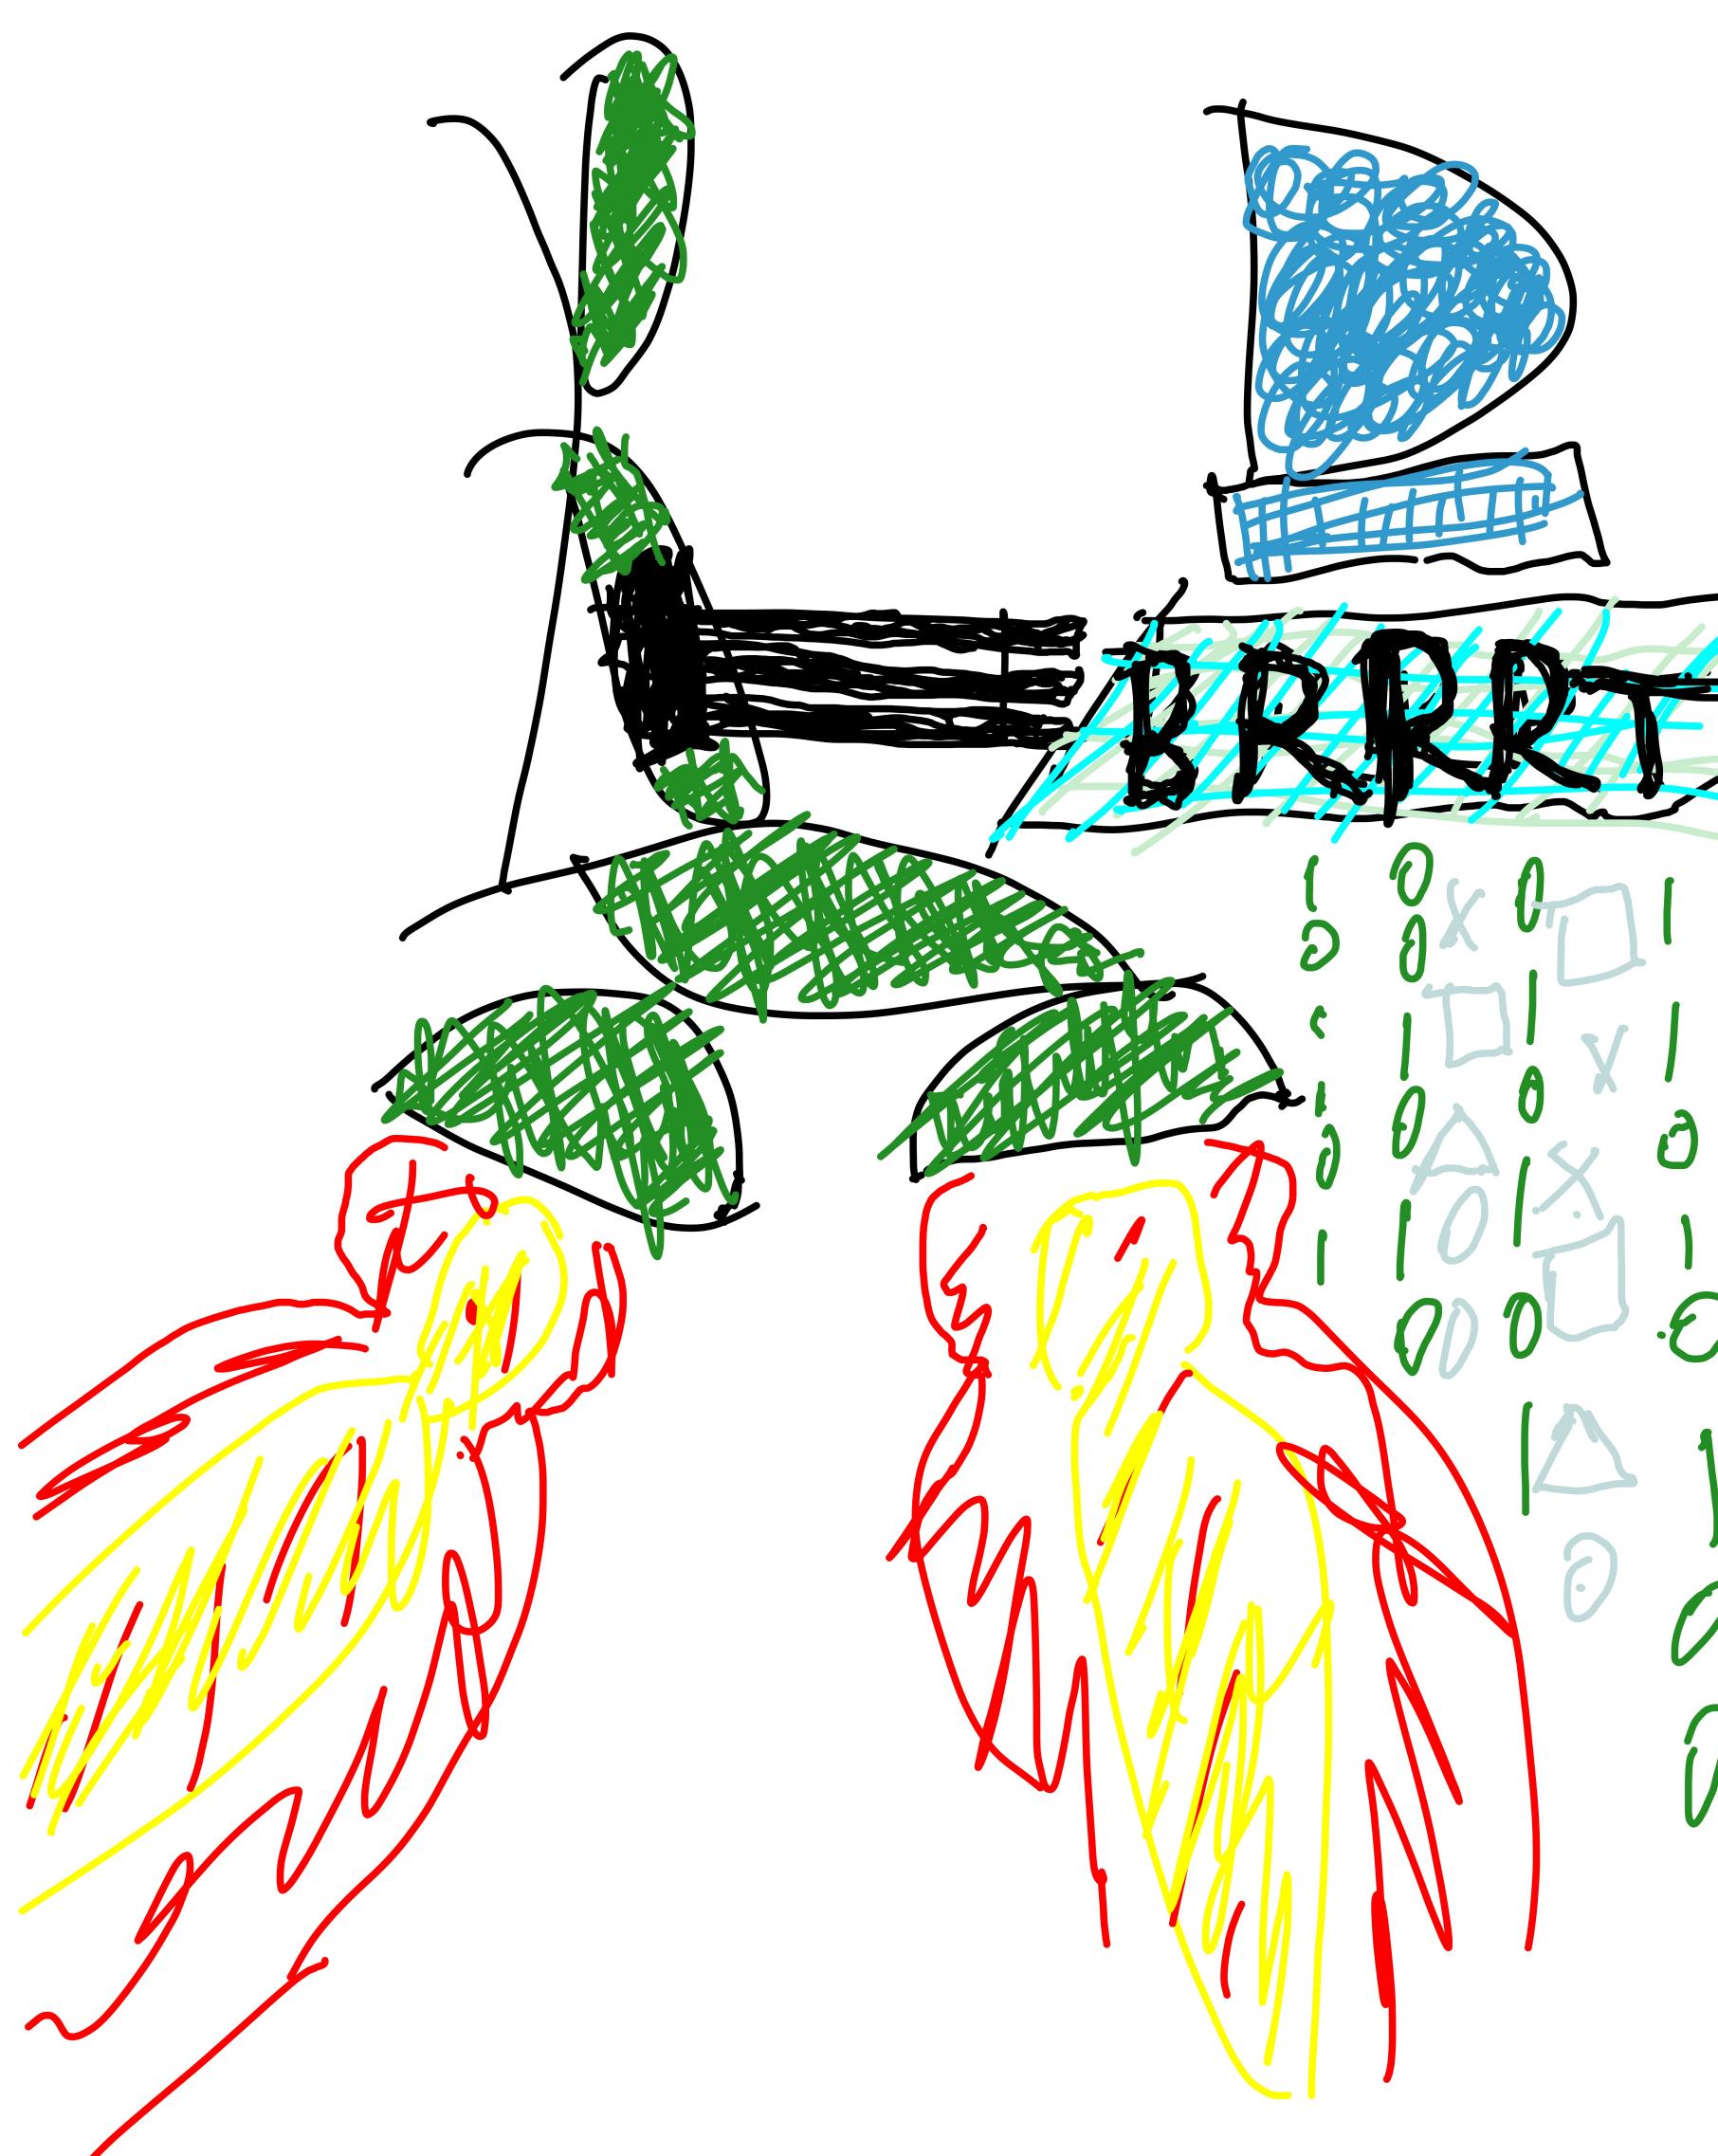

1 Our WHY

- Dan had significant wrist pain from the angles and friction demanded by the office. ↩
- It was ↪ distracting.
- He found some products that **could** work well.
- He had some strong magnets.
- ↪ ...and the most comfortable product was born. ↪

2 Methods

- Wrist-rests + swivel-magnets + squishy cushion = **heaven**.
- Veteran-owned. 🇺🇸
- Assembled with ❤️ in the USA.
